DETAILED ACTION

Allowable Subject Matter

Claims **1,3-12** are allowed.

The following is an examiner's statement of reasons for allowance: Claim 1, 10, 11 and 12 are allowable because the prior art does not teach or fairly suggest an automatic analysis apparatus having data processing means for producing calibration information including a first and a second quality control information; calibration information taken for every measurement channel being produced based upon calibration data obtained by measuring a calibration sample; that is capable of simultaneously displaying calibration quality control information and second quality control information on the same screen; data processing means further including means for calculating a standard deviation value based upon a group of measurement data obtained by measuring the quality control sample for a same measurement item in a plurality of measurement channels; the calibration data includes at least measurement data of the calibration sample first quality control information including at least measurement data of a quality control sample, and second quality control information including at least a standard deviation value simultaneously on a same screen. All depending claims are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
